This illustration is not a forecast and, like any other investment, the value of properties in the village could go down as well as up.

### **EXAMPLE 1: TYPICAL ANNUAL COSTS**

This first example deals with the potential annual costs of buying a retirement property. **It excludes:**

- The **personal monthly bills** for which you would be liable, such as council tax, electricity, gas, water, telephone rates and charges, (if applicable), contents insurance, television licence, broadband / satellite / cable subscriptions and any other bills.

The costs shown are based upon the purchase cost and service charge costs for single or double occupancy of a 2 bedroom Apartment, address 38 Turnaware House, Roseland Parc, Truro, Cornwall, TR2 5NH, purchased for **£330,000 (Three Hundred and Thirty Thousand Pounds)**.

*The assignment fee, which is payable to the landlord, Roseland Management Limited, provides a return on the original investment in developing the communal facilities in the Village. It does not contribute towards the costs of any services that are provided or to a sinking fund and accordingly is not held in trust for residents*

If you purchase the property for £330,000 and in the future sell/assign it for the sale prices below, examples of the corresponding assignment fees incurred on the sale/assignment of the property are indicated underneath the sale prices:-
